

# The Comedy Hypnosis of Puck Biography

Puck's entertainment journey in the world of magic started at the age of six. These creative and unique talents were recognized with several awards including 1st Place at the prestigious *World Magic Summit* in Washington, DC.

While performing as a professional magician, Puck met Curtis Carroll, aka "Alexander," *America's Funniest Hypnotist*. Curtis took a liking to Puck and offered to mentor him in the specialized and "secret" art of Stage Hypnosis. Before embarking on this new career opportunity, Puck was certified at **The American Institute of Hypnotherapy**. Once certified, Alexander took Puck on the road as his apprentice, teaching him everything he had perfected during his highly successful 35 year career.

With these newly acquired skills Puck began performing "hyp" shows on his own. Over the next fifteen years, Puck has mastered his teachings, made the Alexander show his own and has been showered with great reviews. He has presented his highly entertaining and extremely funny hypnosis show in venues from *Six Flags* theme parks to luxury cruise liners around the world. He has worked for such major companies such as *Glaxo Welcome*, *Kornferry International*, and *The Xerox Corporation* just to name a few. He has also worked for colleges, fairs, and resorts all around the world.

You can tell by watching Puck perform that he truly enjoys what he does. What better gift in life than to do what you love as a career? This native New Yorker now resides in Central Florida with his wife and three children and performs over 200 shows a year.

Whether you're on the stage or in the audience you will definitely have an enjoyable experience that you are sure to talk about for a very long time. Puck's show truly "must be seen to be believed!" This is real hypnosis at its best – **where audience volunteers become the stars of the show.**
